EXPERIENCE THE GETAWAY OF YOUR DREAMS WITH THE ISLAND’S UNPARALLELED SAILING AND WATER SPORTS.
SAIL AWAY ON MARTINIQUE
With natural moorings in the middle of inlets of turquoise water, islets as remote as Robinson Crusoe’s, 350 km of coastline ranging from cliffs and mangroves to sparkling black and white sand beaches, Martinique saves its most beautiful landscapes for sailors. It also offers exceptional infrastructures to ensure that each cruise is unforgettable.

HOIST SAILS
The southern coast and its coconut palms offers postcard-perfect landscapes. The coastal cities and villages can be reached by many wharves, where you can stop to eat or refuel. This is the perfect jumping-off point to explore Martinique.

MOORINGS AT THE FOOT OF MOUNT PELEE
The Caribbean coast is the lushest, most mountainous part of the island, with a series of cliffs and black sand beaches.

DROP ANCHOR IN THE ISLETS
The eastern side of the island, with less boat traffic, is full of untamed beauty: dotted with islets and stunning white sand shoals where you can swim in the open sea while sipping a fine rum. In case of turbulent waters, boats can seek refuge in natural “hurricane holes” in the bays.

LAND OF WATER SPORTS
With its exceptional bodies of water and regular winds, the west coast guarantees perfect conditions for regatta competitors.

THE TROPICAL DREAM
With water averaging 28° and steady trade winds year round, nothing beats sailing in Martinique.

MARTINIQUE, WATER SPORTS PARADISE

BOAT TOURS
Climb aboard a comfortable sailboat or motorboat for day-long cruises to explore the islets, swim on the shoals, or marvel as pods of dolphins swim by.

NAUTICAL TRADITION
Over its more than 30-year history, the Tour de Martinique des Yoles Rondes has established itself as one of the island’s top sporting and popular events. Originally fishing boats, yoles rondes now race at events throughout the year across Martinique’s various bodies of water. Take advantage of your stay to try this traditional sport in the only place in the world it is practiced.

GO FISH!
Blue marlins, sailfish, mahi mahi and more await fishing enthusiasts in the waters of Martinique. Beginners and experienced fishers alike can take to the seas aboard powerful sport fishing boats to explore the finest big game fishing spots. A fun and exciting way to discover our rich marine fauna.

EXTREME OCEAN SPORTS
For thrill-seekers, Martinique offers exceptional spots and the latest equipment. Regular wind and a variety of bodies of water allow for year-round kite surfing and wind surfing. Between dives into coral reefs and dozens of shipwrecks, water skiing, jet skiing, parasailing, or Flyboarding, you’ll find something to get your adrenaline pumping.

NATURE TO EXPLORE
Float through the mangroves in a glass-bottomed canoe and watch colorful fish dart between the roots, dive with sea turtles or over coral reefs to see gorgonia and spiny lobsters... in Martinique, every dip of an oar and kick of a flipper reveals incredible natural diversity.
